

**EL2228CYZ Information**

For Reference Only

**Part Number** [EL2228CYZ](#)  
**Manufacturer** Renesas Electronics America  
**Category** Integrated Circuits (ICs)  
[Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps](#)  
**Description** IC OPAMP VFB 40MHZ 8MSOP  
**Package** 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**EL2228CYZ Specifications**

|                                         |                                                                                                          |

| Amplifier Type                          | Voltage Feedback                                                                                         |
| Number of Circuits                      | 2                                                                                                        |
| Output Type                             | -                                                                                                        |
| Slew Rate                               | 65 V/ $\mu$ s                                                                                            |
| Gain Bandwidth Product                  | 40MHz                                                                                                    |
| -3db Bandwidth                          | 80MHz                                                                                                    |
| Current - Input Bias                    | 4.5 $\mu$ A                                                                                              |
| Voltage - Input Offset                  | 200 $\mu$ V                                                                                              |
| Current - Supply                        | 5mA                                                                                                      |
| Current - Output / Channel              | 180mA                                                                                                    |
| Voltage - Supply, Single/Dual ( $\pm$ ) | 5 V ~ 24 V, $\pm$ 2.5 V ~ 12 V                                                                           |
| Operating Temperature                   | -40°C ~ 85°C                                                                                             |
| Mounting Type                           | Surface Mount                                                                                            |
| Package / Case                          | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                                                   |
| Supplier Device Package                 | 8-MSOP                                                                                                   |

## EL2228CYZ Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## EL2228CYZ Payment Methods

## EL2228CYZ Shipping Methods

If you have any question about EL2228CYZ, please do not hesitate to contact us!
