

**510E1A48F206PC Information**

For Reference Only

**Part Number** [510E1A48F206PC](#)  
**Manufacturer** Honeywell Sensing and Productivity Solutions  
**Category** Sensors, Transducers  
[Encoders](#)  
**Description** ENCODER 6 CYCLE GRAY CODE PCB  
**Package** -  
 For the pricing/inventory/lead time, please contact us

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**510E1A48F206PC Specifications**

|                              |                                                  |
|------------------------------|--------------------------------------------------|
| Manufacturer Part Number     | <a href="#">510E1A48F206PC</a>                   |
| Manufacturer                 | Honeywell Sensing and Productivity Solutions     |
| Category                     | Sensors, Transducers<br><a href="#">Encoders</a> |
| Package                      | -                                                |
| Series                       | 510                                              |
| Encoder Type                 | Mechanical                                       |
| Output Type                  | Gray Code (Absolute)                             |
| Pulses per Revolution        | 6                                                |
| Voltage - Supply             | -                                                |
| Actuator Type                | 1/4" Dia Flatted End                             |
| Detent                       | Yes                                              |
| Built in Switch              | No                                               |
| Mounting Type                | Panel, PCB Through Hole                          |
| Orientation                  | Vertical                                         |
| Termination Style            | PC Pin                                           |
| Rotational Life (Cycles Min) | 100K                                             |
