**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**A165L-AGM-24D-1 Specifications**

|                                |  |
|--------------------------------|--|
| Manufacturer Part Number       | <a href="#">A165L-AGM-24D-1</a>            |
| Manufacturer                   | Omron Automation and Safety                |
| Category                       | Switches                                   |
|                                | <a href="#">Pushbutton Switches</a>        |
| Package                        | -  |
| Series                         | A16  |
| Type                           | Standard, Illuminated                      |
| Circuit                        | SPDT                                       |
| Switch Function                | On-Mom                                     |
| Current Rating                 | 5A (AC)                                    |
| Voltage Rating - AC            | 125V                                       |
| Voltage Rating - DC            | -  |
| Actuator Type                  | Square, Button                             |
| Color - Actuator/Cap           | Green                                      |
| Illumination Type, Color       | LED, Green                                 |
| Illumination Voltage (Nominal) | 24 VDC                                     |
| Mounting Type                  | Panel Mount, Front                         |
| Termination Style              | Solder, Quick Connect - 0.110" (2.8mm)     |
| Ingress Protection             | IP65 - Dust Tight, Oil and Water Resistant |
| Features                       | -  |
| Panel Cutout Dimensions        | Circular - 16.00mm Dia                     |
