**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**A22L-HY-6A-10A Specifications**

|                                |   |
|--------------------------------|---|
| Manufacturer Part Number       | <a href="#">A22L-HY-6A-10A</a>                  |
| Manufacturer                   | Omron Automation and Safety                     |
| Category                       | Switches<br><a href="#">Pushbutton Switches</a> |
| Package                        | -   |
| Series                         | A22   |
| Type                           | Standard, Illuminated                           |
| Circuit                        | SPST-NO   |
| Switch Function                | Off-On  |
| Current Rating                 | 10A (AC/DC)                                     |
| Voltage Rating - AC            | 110V  |
| Voltage Rating - DC            | 24V   |
| Actuator Type                  | Round, Button, Half Guard                       |
| Color - Actuator/Cap           | Yellow  |
| Illumination Type, Color       | LED, Yellow                                     |
| Illumination Voltage (Nominal) | 6 VAC   |
| Mounting Type                  | Panel Mount, Front                              |
| Termination Style              | Screw Terminal                                  |
| Ingress Protection             | IP65 - Dust Tight, Water Resistant              |
| Features                       | -   |
| Panel Cutout Dimensions        | Circular - 22.30mm Dia                          |
