

**ADG1309BRUZ-REEL7 Information**

For Reference Only

**Part Number** [ADG1309BRUZ-REEL7](#)  
**Manufacturer** Analog Devices Inc.  
**Category** Integrated Circuits (ICs)  
 Interface - Analog Switches, Multiplexers, Demultiplexers  
**Description** IC MULTIPLEXER DUAL 4X1 16TSSOP  
**Package** 16-TSSOP (0.173", 4.40mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**ADG1309BRUZ-REEL7 Specifications**

|                                        |                                                                                                        |

| Series                                 | -                                                                                                      |
| Switch Circuit                         | SP4T                                                                                                   |
| Multiplexer/Demultiplexer Circuit      | 4:1                                                                                                    |
| Number of Circuits                     | 2                                                                                                      |
| On-State Resistance (Max)              | 210 Ohm                                                                                                |
| Channel-to-Channel Matching (Ron)      | 5 Ohm                                                                                                  |
| Voltage - Supply, Single (V+)          | 5 V ~ 16.5 V                                                                                           |
| Voltage - Supply, Dual (V±)            | ±5 V ~ 16.5 V                                                                                          |
| Switch Time (Ton, Toff) (Max)          | 100ns, 100ns                                                                                           |
| -3db Bandwidth                         | 500MHz                                                                                                 |
| Charge Injection                       | 2pC                                                                                                    |
| Channel Capacitance (CS(off), CD(off)) | 10pF, 15pF                                                                                             |
| Current - Leakage (IS(off)) (Max)      | 1nA                                                                                                    |
| Crosstalk                              | -80dB @ 1MHz                                                                                           |
| Operating Temperature                  | -40°C ~ 105°C (TA)                                                                                     |
| Package / Case                         | 16-TSSOP (0.173", 4.40mm Width)                                                                        |
| Supplier Device Package                | 16-TSSOP                                                                                               |

## ADG1309BRUZ-REEL7 Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## ADG1309BRUZ-REEL7 Payment Methods

## ADG1309BRUZ-REEL7 Shipping Methods

If you have any question about ADG1309BRUZ-REEL7, please do not hesitate to contact us!
