

**AT89S52-24AUR Information**

For Reference Only

**Part Number** [AT89S52-24AUR](#)  
**Manufacturer** Microchip Technology  
**Category** Integrated Circuits (ICs)  
[Embedded - Microcontrollers](#)  
**Description** IC MCU 8BIT 8KB FLASH 44TQFP  
**Package** 44-TQFP

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**AT89S52-24AUR Specifications**

|                            |                                                                          |
|----------------------------|--------------------------------------------------------------------------|
| Manufacturer Part Number   | <a href="#">AT89S52-24AUR</a>                                            |
| Manufacturer               | Microchip Technology                                                     |
| Category                   | Integrated Circuits (ICs)<br><a href="#">Embedded - Microcontrollers</a> |
| Package                    | 44-TQFP                                                                  |
| Series                     | 89S                                                                      |
| Core Processor             | 8051                                                                     |
| Core Size                  | 8-Bit                                                                    |
| Speed                      | 24MHz                                                                    |
| Connectivity               | UART/USART                                                               |
| Peripherals                | WDT                                                                      |
| Number of I/O              | 32                                                                       |
| Program Memory Size        | 8KB (8K x 8)                                                             |
| Program Memory Type        | FLASH                                                                    |
| EEPROM Size                | -                                                                        |
| RAM Size                   | 256 x 8                                                                  |
| Voltage - Supply (Vcc/Vdd) | 4 V ~ 5.5 V                                                              |
| Data Converters            | -                                                                        |
| Oscillator Type            | Internal                                                                 |
| Operating Temperature      | -40°C ~ 85°C (TA)                                                        |
| Mounting Type              | -                                                                        |
| Package / Case             | 44-TQFP                                                                  |
| Supplier Device Package    | 44-TQFP (10x10)                                                          |

## AT89S52-24AUR Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## AT89S52-24AUR Payment Methods

## AT89S52-24AUR Shipping Methods

If you have any question about AT89S52-24AUR, please do not hesitate to contact us!
