# **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

# **BA3472FVT-GE2 Specifications**

| Manufacturer Part Number          | BA3472FVT-GE2                                               |
|-----------------------------------|-------------------------------------------------------------|
| Manufacturer                      | Rohm Semiconductor                                          |
| Category                          | Integrated Circuits (ICs)                                   |
|                                   | Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps |
| Package                           | 8-TSSOP (0.173", 4.40mm Width)                              |
| Series                            | -                                                           |
| Amplifier Type                    | General Purpose                                             |
| Number of Circuits                | 2                                                           |
| Output Type                       | -                                                           |
| Slew Rate                         | 10 V/µs                                                     |
| Gain Bandwidth Product            | 4MHz                                                        |
| -3db Bandwidth                    | -                                                           |
| Current - Input Bias              | 100nA                                                       |
| Voltage - Input Offset            | 1.5mV                                                       |
| Current - Supply                  | 4mA                                                         |
| Current - Output / Channel        | 30mA                                                        |
| Voltage - Supply, Single/Dual (±) | 3 V ~ 36 V, ±1.5 V ~ 18 V                                   |
| Operating Temperature             | -40°C ~ 85°C                                                |
| Mounting Type                     | Surface Mount                                               |
| Package / Case                    | 8-TSSOP (0.173", 4.40mm Width)                              |
| Supplier Device Package           | 8-TSSOP-B                                                   |
|                                   | Report errors?                                              |

#### **BA3472FVT-GE2** Guarantees

Quality Guarantees

We provide 90 days warranty. \* If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

# SERVICE BUARANTEE

#### **Service Guarantees**

We guarantee 100% customer satisfaction. Our experienced sales team and tech support team back our services to satisfy all our customers.

#### **BA3472FVT-GE2 Payment Methods**

# **BA3472FVT-GE2** Shipping Methods

If you have any question about BA3472FVT-GE2, please do not hesitate to contact us! Website: https://www.heisener.com E-mail: salesdept@heisener.com
