

### **DS2130 Information**

For Reference Only

Part Number DS2130

Manufacturer Maxim Integrated

Category Integrated Circuits (ICs)

Interface - Voice Record and Playback

**Description** IC PROCESSOR VOICE MESS 28-DIP

**Package** 28-DIP (0.600", 15.24mm)

## **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

# **DS2130 Specifications**

Manufacturer Part Number         DS2130           Manufacturer         Maxim Integrated           Category         Integrated Circuits (ICs)           Interface - Voice Record and Playback           Package         28-DIP (0.600", 15.24mm)           Series         -           Interface         Serial           Input Signal         -           Output Signal         -           Sampling Frequency         -           Duration         8 ~ 32 Sec           Filter Pass Band         1.7kHz           Messaging         -           Oscillator Type         -           Features         -           Operating Temperature         -           Voltage - Supply         -           Mounting Type         Through Hole           Package / Case         28-DIP (0.600", 15.24mm)           Supplier Device Package         28-DIP

#### **DS2130 Guarantees**

#### **Quality Guarantees**

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

#### **Service Guarantees**

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

### **DS2130 Payment Methods**

## **DS2130 Shipping Methods**

If you have any question about DS2130, please do not hesitate to contact us!
