

**EX-23-PN Information**

For Reference Only

**Part Number** [EX-23-PN](#)  
**Manufacturer** Panasonic Industrial Automation Sales  
**Category** Sensors, Transducers  
     [Optical Sensors - Photoelectric, Industrial](#)  
**Description** SENSOR PHOTO 2M PNP 12-24VDC  
**Package** -  
 For the pricing/inventory/lead time, please contact us

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**EX-23-PN Specifications**

|                          |                                                                                     |
|--------------------------|-------------------------------------------------------------------------------------|
| Manufacturer Part Number | <a href="#">EX-23-PN</a>                                                            |
| Manufacturer             | Panasonic Industrial Automation Sales                                               |
| Category                 | Sensors, Transducers<br><a href="#">Optical Sensors - Photoelectric, Industrial</a> |
| Package                  | -                                                                                   |
| Series                   | EX-20                                                                               |
| Sensing Method           | Through-Beam                                                                        |
| Sensing Distance         | 78.7" (200cm) 6.6'                                                                  |
| Voltage - Supply         | 12 V ~ 24 V                                                                         |
| Response Time            | 500µs                                                                               |
| Output Configuration     | PNP - Dark-ON/Light-ON - Selectable                                                 |
| Connection Method        | Cable                                                                               |
| Ingress Protection       | IP67                                                                                |
| Cable Length             | 78.7" (2000.00mm)                                                                   |
| Light Source             | Red LED                                                                             |
| Adjustment Type          | -                                                                                   |
| Operating Temperature    | -25°C ~ 55°C                                                                        |

## EX-23-PN Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## EX-23-PN Payment Methods

## EX-23-PN Shipping Methods

If you have any question about EX-23-PN, please do not hesitate to contact us!
