

**FTE-108-01-G-DH Information**

For Reference Only

**Part Number** [FTE-108-01-G-DH](#)  
**Manufacturer** Samtec Inc.  
**Category** Connectors, Interconnects  
[Rectangular Connectors - Headers, Male Pins](#)  
**Description** CONN HEADR 16POS .8MM DL R/A SMD  
**Package** -

| Connector Type             | Header                                                                                   |
| Contact Type               | Male Pin                                                                                 |
| Pitch - Mating             | 0.031" (0.80mm)                                                                          |
| Style                      | Board to Board                                                                           |
| Shrouding                  | Unshrouded                                                                               |
| Number of Positions        | 16                                                                                       |
| Number of Positions Loaded | All                                                                                      |
| Number of Rows             | 2                                                                                        |
| Row Spacing - Mating       | 0.047" (1.20mm)                                                                          |
| Mounting Type              | Surface Mount, Right Angle                                                               |
| Termination                | Solder                                                                                   |
| Fastening Type             | -                                                                                        |
| Contact Length - Mating    | 0.075" (1.90mm)                                                                          |
| Contact Length - Post      | -                                                                                        |
| Overall Contact Length     | -                                                                                        |
| Insulation Height          | 0.120" (3.05mm)                                                                          |
| Contact Shape              | Square                                                                                   |
| Contact Finish - Mating    | Gold                                                                                     |

|                                   |                                |
|-----------------------------------|--------------------------------|
| Contact Finish Thickness - Mating | 10μin (0.25μm)                 |
| Contact Finish - Post             | Gold                           |
| Contact Material                  | Phosphor Bronze                |
| Insulation Material               | Liquid Crystal Polymer (LCP)   |
| Features                          | -                              |
| Operating Temperature             | -55°C ~ 125°C                  |
| Ingress Protection                | -                              |
| Material Flammability Rating      | UL94 V-0                       |
| Insulation Color                  | Black                          |
