

**GD24BP-14P-NF Information**

For Reference Only

**Part Number** [GD24BP-14P-NF](#)  
**Manufacturer** Laird Technologies IAS  
**Category** RF/IF and RFID  
[RF Antennas](#)  
**Description** ANT GRID 14DBI 2.4GHZ 30" N FEM  
**Package** -

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**GD24BP-14P-NF Specifications**

|                          |                               |
|--------------------------|-------------------------------|
| Manufacturer Part Number | <a href="#">GD24BP-14P-NF</a> |
| Manufacturer             | Laird Technologies IAS        |
| Category                 | RF/IF and RFID                |
|                          | <a href="#">RF Antennas</a>   |
| Package                  | -                             |
| Series                   | -                             |
| Frequency Group          | UHF (2 GHz ~ 3 GHz)           |
| Frequency (Center/Band)  | 2.4GHz                        |
| Frequency Range          | 2.4GHz ~ 2.485GHz             |
| Antenna Type             | Parabolic Grid                |
| Number of Bands          | 1                             |
| VSWR                     | 1.5                           |
| Return Loss              | -                             |
| Gain                     | 14dBi                         |
| Power - Max              | -                             |
| Features                 | -                             |
| Termination              | Connector, N Female           |
| Ingress Protection       | -                             |
| Mounting Type            | Bracket Mount                 |
| Height (Max)             | -                             |
| Applications             | -                             |
