

**HA9P5320-5Z Information**

For Reference Only

**Part Number** [HA9P5320-5Z](#)  
**Manufacturer** Renesas Electronics America  
**Category** Integrated Circuits (ICs)  
[Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps](#)  
**Description** IC OPAMP SAMPLE HOLD 2MHZ 16SOIC  
**Package** 16-SOIC (0.295", 7.50mm Width)

| Amplifier Type                          | Sample and Hold                                                                                          |
| Number of Circuits                      | 1                                                                                                        |
| Output Type                             | -                                                                                                        |
| Slew Rate                               | 45 V/ $\mu$ s                                                                                            |
| Gain Bandwidth Product                  | 2MHz                                                                                                     |
| -3db Bandwidth                          | -                                                                                                        |
| Current - Input Bias                    | 100nA                                                                                                    |
| Voltage - Input Offset                  | 500 $\mu$ V                                                                                              |
| Current - Supply                        | 11mA                                                                                                     |
| Current - Output / Channel              | 10mA                                                                                                     |
| Voltage - Supply, Single/Dual ( $\pm$ ) | $\pm$ 13.5 V ~ 20 V                                                                                      |
| Operating Temperature                   | 0°C ~ 75°C                                                                                               |
| Mounting Type                           | Surface Mount                                                                                            |
| Package / Case                          | 16-SOIC (0.295", 7.50mm Width)                                                                           |
| Supplier Device Package                 | 16-SOIC                                                                                                  |

## HA9P5320-5Z Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## HA9P5320-5Z Payment Methods

## HA9P5320-5Z Shipping Methods

If you have any question about HA9P5320-5Z, please do not hesitate to contact us!
