

**LM22670QTJE-5.0/NOPB Information**

For Reference Only

**Part Number** [LM22670QTJE-5.0/NOPB](#)  
**Manufacturer** Texas Instruments  
**Category** Integrated Circuits (ICs)  
[PMIC - Voltage Regulators - DC DC Switching Regulators](#)  
**Description** IC REG BUCK 5V 3A TO263-7  
**Package** TO-263-7 Thin

| Series                       | Automotive, AEC-Q100, SIMPLE SWITCHER?                                                              |
| Function                     | Step-Down                                                                                           |
| Output Configuration         | Positive                                                                                            |
| Topology                     | Buck                                                                                                |
| Output Type                  | Fixed                                                                                               |
| Number of Outputs            | 1                                                                                                   |
| Voltage - Input (Min)        | 4.5V                                                                                                |
| Voltage - Input (Max)        | 42V                                                                                                 |
| Voltage - Output (Min/Fixed) | 5V                                                                                                  |
| Voltage - Output (Max)       | -                                                                                                   |
| Current - Output             | 3A                                                                                                  |
| Frequency - Switching        | 500kHz                                                                                              |
| Synchronous Rectifier        | No                                                                                                  |
| Operating Temperature        | -40°C ~ 125°C (TJ)                                                                                  |
| Mounting Type                | Surface Mount                                                                                       |
| Package / Case               | TO-263-7 Thin                                                                                       |
| Supplier Device Package      | TO-263-7 Thin                                                                                       |

## LM22670QTJE-5.0/NOPB Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## LM22670QTJE-5.0/NOPB Payment Methods

## LM22670QTJE-5.0/NOPB Shipping Methods

If you have any question about LM22670QTJE-5.0/NOPB, please do not hesitate to contact us!
