

**LT6010ACS8#PBF Information**

For Reference Only

**Part Number** [LT6010ACS8#PBF](#)  
**Manufacturer** Linear Technology  
**Category** Integrated Circuits (ICs)  
[Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps](#)  
**Description** IC OPAMP GP 350KHZ RRO 8SO  
**Package** 8-SOIC (0.154", 3.90mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**LT6010ACS8#PBF Specifications**

|                                         |                                                                                                          |

| Amplifier Type                          | General Purpose                                                                                          |
| Number of Circuits                      | 1                                                                                                        |
| Output Type                             | Rail-to-Rail                                                                                             |
| Slew Rate                               | 0.11 V/ $\mu$ s                                                                                          |
| Gain Bandwidth Product                  | 350kHz                                                                                                   |
| -3db Bandwidth                          | -                                                                                                        |
| Current - Input Bias                    | 2nA                                                                                                      |
| Voltage - Input Offset                  | 10 $\mu$ V                                                                                               |
| Current - Supply                        | 260 $\mu$ A                                                                                              |
| Current - Output / Channel              | 20mA                                                                                                     |
| Voltage - Supply, Single/Dual ( $\pm$ ) | 2.7 V ~ 36 V, $\pm$ 1.35 V ~ 18 V                                                                        |
| Operating Temperature                   | 0°C ~ 70°C                                                                                               |
| Mounting Type                           | Surface Mount                                                                                            |
| Package / Case                          | 8-SOIC (0.154", 3.90mm Width)                                                                            |
| Supplier Device Package                 | 8-SO                                                                                                     |

## LT6010ACS8#PBF Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## LT6010ACS8#PBF Payment Methods

## LT6010ACS8#PBF Shipping Methods

If you have any question about LT6010ACS8#PBF, please do not hesitate to contact us!
