

**LT8364EMSE#PBF Information**

For Reference Only

**Part Number** [LT8364EMSE#PBF](#)  
**Manufacturer** Linear Technology  
**Category** Integrated Circuits (ICs)  
[PMIC - Voltage Regulators - DC DC Switching Regulators](#)  
**Description** LOW IQ BOOST/SEPIC/ INVERTING CO  
**Package** 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 Leads

| Package                      | 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 Leads                                               |
| Series                       | -                                                                                                   |
| Function                     | Step-Up                                                                                             |
| Output Configuration         | Positive                                                                                            |
| Topology                     | Boost, SEPIC                                                                                        |
| Output Type                  | Fixed                                                                                               |
| Number of Outputs            | 1                                                                                                   |
| Voltage - Input (Min)        | 2.8V                                                                                                |
| Voltage - Input (Max)        | 60V                                                                                                 |
| Voltage - Output (Min/Fixed) | -                                                                                                   |
| Voltage - Output (Max)       | 60V (Switch)                                                                                        |
| Current - Output             | 4A (Switch)                                                                                         |
| Frequency - Switching        | 2MHz                                                                                                |
| Synchronous Rectifier        | -                                                                                                   |
| Operating Temperature        | -40°C ~ 125°C (TJ)                                                                                  |
| Mounting Type                | Surface Mount                                                                                       |
| Package / Case               | 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 Leads                                               |
| Supplier Device Package      | 16-MSOP-EP                                                                                          |

## LT8364EMSE#PBF Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## LT8364EMSE#PBF Payment Methods

## LT8364EMSE#PBF Shipping Methods

If you have any question about LT8364EMSE#PBF, please do not hesitate to contact us!
