

**LTC1663CMS8#PBF Information**

For Reference Only

**Part Number** [LTC1663CMS8#PBF](#)  
**Manufacturer** Linear Technology  
**Category** Integrated Circuits (ICs)  
[Data Acquisition - Digital to Analog Converters \(DAC\)](#)  
**Description** IC D/A CONV 10BIT R-R 8-MSOP  
**Package** 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**LTC1663CMS8#PBF Specifications**

|                           |                                                                                                    |
|---------------------------|----------------------------------------------------------------------------------------------------|
| Manufacturer Part Number  | <a href="#">LTC1663CMS8#PBF</a>                                                                    |
| Manufacturer              | Linear Technology                                                                                  |
| Category                  | Integrated Circuits (ICs)<br><a href="#">Data Acquisition - Digital to Analog Converters (DAC)</a> |
| Package                   | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                                             |
| Series                    | -                                                                                                  |
| Number of Bits            | 10                                                                                                 |
| Number of D/A Converters  | 1                                                                                                  |
| Settling Time             | 30µs (Typ)                                                                                         |
| Output Type               | Voltage - Buffered                                                                                 |
| Differential Output       | No                                                                                                 |
| Data Interface            | I2C                                                                                                |
| Reference Type            | Internal                                                                                           |
| Voltage - Supply, Analog  | 2.7 V ~ 5.5 V                                                                                      |
| Voltage - Supply, Digital | 2.7 V ~ 5.5 V                                                                                      |
| INL/DNL (LSB)             | ±0.5, ±0.2                                                                                         |
| Architecture              | -                                                                                                  |
| Operating Temperature     | 0°C ~ 70°C                                                                                         |
| Package / Case            | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                                             |
| Supplier Device Package   | 8-MSOP                                                                                             |
| Mounting Type             | -                                                                                                  |

## LTC1663CMS8#PBF Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## LTC1663CMS8#PBF Payment Methods

## LTC1663CMS8#PBF Shipping Methods

If you have any question about LTC1663CMS8#PBF, please do not hesitate to contact us!
