

**LTC7138HMSE#TRPBF Information**

For Reference Only

**Part Number** [LTC7138HMSE#TRPBF](#)  
**Manufacturer** Linear Technology  
**Category** Integrated Circuits (ICs)  
[PMIC - Voltage Regulators - DC DC Switching Regulators](#)  
**Description** IC REG BUCK BST INV 0.4A 16MSOP  
**Package** 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 leads

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**LTC7138HMSE#TRPBF Specifications**

|                              |                                                                                                     |
|------------------------------|-----------------------------------------------------------------------------------------------------|

| Package                      | 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 leads                                               |
| Series                       | -                                                                                                   |
| Function                     | Step-Down                                                                                           |
| Output Configuration         | Positive                                                                                            |
| Topology                     | Buck                                                                                                |
| Output Type                  | Adjustable (Programmable)                                                                           |
| Number of Outputs            | 1                                                                                                   |
| Voltage - Input (Min)        | 4V                                                                                                  |
| Voltage - Input (Max)        | 140V                                                                                                |
| Voltage - Output (Min/Fixed) | 0.8V (1.8V, 3.3V, 5V)                                                                               |
| Voltage - Output (Max)       | 140V                                                                                                |
| Current - Output             | 400mA                                                                                               |
| Frequency - Switching        | -                                                                                                   |
| Synchronous Rectifier        | No                                                                                                  |
| Operating Temperature        | -40°C ~ 150°C (TJ)                                                                                  |
| Mounting Type                | Surface Mount                                                                                       |
| Package / Case               | 16-TFSOP (0.118", 3.00mm Width) Exposed Pad, 12 leads                                               |
| Supplier Device Package      | 16-MSOP-EP                                                                                          |

## LTC7138HMSE#TRPBF Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## LTC7138HMSE#TRPBF Payment Methods

## LTC7138HMSE#TRPBF Shipping Methods

If you have any question about LTC7138HMSE#TRPBF, please do not hesitate to contact us!
