| Manufacturer Part Number   | MC9S12XD256VAA                         |
|----------------------------|--|
| Manufacturer               | NXP                                    |
| Category                   | Integrated Circuits (ICs)              |
|                            | Embedded - Microcontrollers            |
| Package                    | 80-QFP                                 |
| Series                     | HCS12X                                 |
| Core Processor             | HCS12X                                 |
| Core Size                  | 16-Bit                                 |
| Speed                      | 80MHz                                  |
| Connectivity               | CAN, EBI/EMI, I2C, IrDA, LIN, SCI, SPI |
| Peripherals                | LVD, POR, PWM, WDT                     |
| Number of I/O              | 59                                     |
| Program Memory Size        | 256KB (256K x 8)                       |
| Program Memory Type        | FLASH                                  |
| EEPROM Size                | 4K x 8                                 |
| RAM Size                   | 14K x 8                                |
| Voltage - Supply (Vcc/Vdd) | 2.35 V ~ 5.5 V                         |
| Data Converters            | A/D 8x10b                              |
| Oscillator Type            | External                               |
| Operating Temperature      | -40°C ~ 105°C (TA)                     |
| Mounting Type              | -                                      |
| Package / Case             | 80-QFP                                 |
| Supplier Device Package    | 80-QFP (14x14)                         |
|                            | Report errors?                         |
|                            |  |
