

**MIC69153YME-TR Information**

For Reference Only

**Part Number** [MIC69153YME-TR](#)  
**Manufacturer** Microchip Technology  
**Category** Integrated Circuits (ICs)  
[PMIC - Voltage Regulators - Linear](#)  
**Description** IC REG LINEAR POS ADJ 1.5A 8SOIC  
**Package** 8-SOIC (0.154", 3.90mm Width) Exposed Pad

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**MIC69153YME-TR Specifications**

|                              |                                                                                 |
|------------------------------|---------------------------------------------------------------------------------|
| Manufacturer Part Number     | <a href="#">MIC69153YME-TR</a>                                                  |
| Manufacturer                 | Microchip Technology                                                            |
| Category                     | Integrated Circuits (ICs)<br><a href="#">PMIC - Voltage Regulators - Linear</a> |
| Package                      | 8-SOIC (0.154", 3.90mm Width) Exposed Pad                                       |
| Series                       | -                                                                               |
| Output Configuration         | Positive                                                                        |
| Output Type                  | Adjustable                                                                      |
| Number of Regulators         | 1                                                                               |
| Voltage - Input (Max)        | 5.5V                                                                            |
| Voltage - Output (Min/Fixed) | 0.5V                                                                            |
| Voltage - Output (Max)       | 5.5V                                                                            |
| Voltage Dropout (Max)        | 0.5V @ 1.5A                                                                     |
| Current - Output             | 1.5A                                                                            |
| Current - Quiescent (Iq)     | -                                                                               |
| Current - Supply (Max)       | 20mA ~ 35mA                                                                     |
| PSRR                         | -                                                                               |
| Control Features             | Enable                                                                          |
| Protection Features          | Over Current, Over Temperature                                                  |
| Operating Temperature        | -40°C ~ 125°C                                                                   |
| Mounting Type                | Surface Mount                                                                   |
| Package / Case               | 8-SOIC (0.154", 3.90mm Width) Exposed Pad                                       |
| Supplier Device Package      | 8-SOIC-EP                                                                       |

## MIC69153YME-TR Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## MIC69153YME-TR Payment Methods

## MIC69153YME-TR Shipping Methods

If you have any question about MIC69153YME-TR, please do not hesitate to contact us!
