

**MX15KP160CA Information**

For Reference Only

**Part Number** [MX15KP160CA](#)  
**Manufacturer** Microsemi Corporation  
**Category** Circuit Protection  
     [TVS - Diodes](#)  
**Description** TVS DIODE 160VWM 259VC CASE5A  
**Package** DO-204AR, Axial

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**MX15KP160CA Specifications**

|                                  |                                                    |
|----------------------------------|----------------------------------------------------|
| Manufacturer Part Number         | <a href="#">MX15KP160CA</a>                        |
| Manufacturer                     | Microsemi Corporation                              |
| Category                         | Circuit Protection<br><a href="#">TVS - Diodes</a> |
| Package                          | DO-204AR, Axial                                    |
| Series                           | Military, MIL-PRF-19500                            |
| Type                             | Zener                                              |
| Unidirectional Channels          | -                                                  |
| Bidirectional Channels           | 1                                                  |
| Voltage - Reverse Standoff (Typ) | 160V                                               |
| Voltage - Breakdown (Min)        | 178V                                               |
| Voltage - Clamping (Max) @ Ipp   | 259V                                               |
| Current - Peak Pulse (10/1000µs) | 58A                                                |
| Power - Peak Pulse               | 15000W (15kW)                                      |
| Power Line Protection            | No                                                 |
| Applications                     | General Purpose                                    |
| Capacitance @ Frequency          | -                                                  |
| Operating Temperature            | -65°C ~ 150°C (TJ)                                 |
| Mounting Type                    | Through Hole                                       |
| Package / Case                   | DO-204AR, Axial                                    |
| Supplier Device Package          | Case 5A (DO-204AR)                                 |

## MX15KP160CA Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## MX15KP160CA Payment Methods

## MX15KP160CA Shipping Methods

If you have any question about MX15KP160CA, please do not hesitate to contact us!
