

### P51-100-A-L-I12-4.5V-000-000 Information

# **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

# P51-100-A-L-I12-4.5V-000-000 Specifications

| Manufacturer Part Number | P51-100-A-L-I12-4.5V-000-000              |
|--------------------------|---|
| Manufacturer             | SSI Technologies Inc                      |
| Category                 | Sensors, Transducers                      |
|                          | Pressure Sensors, Transducers             |
| Package                  | Cylinder                                  |
| Series                   | MediaSensor?                              |
| Pressure Type            | Absolute                                  |
| Operating Pressure       | 100 PSI (689.48 kPa)                      |
| Output Type              | Analog Voltage                            |
| Output                   | 0.5 V ~ 4.5 V                             |
| Accuracy                 | $\pm 0.5\%$                               |
| Voltage - Supply         | 5V  |
| Port Size                | Female - M10 x 1.25                       |
| Port Style               | Threaded                                  |
| Features                 | Amplified Output, Temperature Compensated |
| Termination Style        | Cable 1'                                  |
| Maximum Pressure         | -   |
| Operating Temperature    | -40°C ~ 105°C                             |
| Package / Case           | Cylinder                                  |
| Supplier Device Package  | -   |
|                          | Report errors?                            |

## P51-100-A-L-I12-4.5V-000-000 Guarantees

#### **Quality Guarantees**

We provide 90 days warranty. \* If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

# SERVICE BUARANTEE
