

**PIC16LC782-I/SS Information**

For Reference Only

**Part Number** [PIC16LC782-I/SS](#)  
**Manufacturer** Microchip Technology  
**Category** Integrated Circuits (ICs)  
[Embedded - Microcontrollers](#)  
**Description** IC MCU 8BIT 3.5KB OTP 20SSOP  
**Package** 20-SSOP (0.209", 5.30mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**PIC16LC782-I/SS Specifications**

|                            |                                                                          |
|----------------------------|--------------------------------------------------------------------------|
| Manufacturer Part Number   | <a href="#">PIC16LC782-I/SS</a>                                          |
| Manufacturer               | Microchip Technology                                                     |
| Category                   | Integrated Circuits (ICs)<br><a href="#">Embedded - Microcontrollers</a> |
| Package                    | 20-SSOP (0.209", 5.30mm Width)                                           |
| Series                     | PIC? 16C                                                                 |
| Core Processor             | PIC                                                                      |
| Core Size                  | 8-Bit                                                                    |
| Speed                      | 20MHz                                                                    |
| Connectivity               | -                                                                        |
| Peripherals                | Brown-out Detect/Reset, POR, PWM, WDT                                    |
| Number of I/O              | 13                                                                       |
| Program Memory Size        | 3.5KB (2K x 14)                                                          |
| Program Memory Type        | OTP                                                                      |
| EEPROM Size                | -                                                                        |
| RAM Size                   | 128 x 8                                                                  |
| Voltage - Supply (Vcc/Vdd) | 2.7 V ~ 5.5 V                                                            |
| Data Converters            | A/D 8x8b; D/A 1x8b                                                       |
| Oscillator Type            | Internal                                                                 |
| Operating Temperature      | -40°C ~ 85°C (TA)                                                        |
| Mounting Type              | -                                                                        |
| Package / Case             | 20-SSOP (0.209", 5.30mm Width)                                           |
| Supplier Device Package    | 20-SSOP                                                                  |

## PIC16LC782-I/SS Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## PIC16LC782-I/SS Payment Methods

## PIC16LC782-I/SS Shipping Methods

If you have any question about PIC16LC782-I/SS, please do not hesitate to contact us!
