

**PPT0010GWF2VA Information**

For Reference Only

**Part Number** [PPT0010GWF2VA](#)  
**Manufacturer** Honeywell Microelectronics & Precision Sensors  
**Category** Sensors, Transducers  
[Pressure Sensors, Transducers](#)  
**Description** PRESSURE TRANSDUCER  
**Package** Module Cube

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**PPT0010GWF2VA Specifications**

|                          |                                                                       |
|--------------------------|-----------------------------------------------------------------------|
| Manufacturer Part Number | <a href="#">PPT0010GWF2VA</a>                                         |
| Manufacturer             | Honeywell Microelectronics & Precision Sensors                        |
| Category                 | Sensors, Transducers<br><a href="#">Pressure Sensors, Transducers</a> |
| Package                  | Module Cube                                                           |
| Series                   | -                                                                     |
| Pressure Type            | Vented Gauge                                                          |
| Operating Pressure       | 10 PSI (68.95 kPa)                                                    |
| Output Type              | Analog, RS-232                                                        |
| Output                   | 0 V ~ 5 V                                                             |
| Accuracy                 | ±0.05%                                                                |
| Voltage - Supply         | 5.5 V ~ 30 V                                                          |
| Port Size                | Male - 0.13" (3.18mm) Tube, Filter                                    |
| Port Style               | Barbed, Filtered                                                      |
| Features                 | -                                                                     |
| Termination Style        | Connector                                                             |
| Maximum Pressure         | 30 PSI (206.84 kPa)                                                   |
| Operating Temperature    | -40°C ~ 85°C                                                          |
| Package / Case           | Module Cube                                                           |
| Supplier Device Package  | -                                                                     |

## PPT0010GWF2VA Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## PPT0010GWF2VA Payment Methods

## PPT0010GWF2VA Shipping Methods

If you have any question about PPT0010GWF2VA, please do not hesitate to contact us!
