# S-80128BLPF-JENTFU Specifications

| Manufacturer Part Number     | S-80128BLPF-JENTFU            |
|------------------------------|-------------------------------|
| Manufacturer                 | SII Semiconductor Corporation |
| Category                     | Integrated Circuits (ICs)     |
|                              | PMIC - Supervisors            |
| Package                      | 4-SMD, Flat Leads             |
| Series                       | S-801                         |
| Туре                         | Voltage Detector              |
| Number of Voltages Monitored | 1                             |
| Output                       | Push-Pull, Totem Pole         |
| Reset                        | Active Low                    |
| Reset Timeout                | 65 ms Minimum                 |
| Voltage - Threshold          | 2.8V                          |
| Operating Temperature        | -40°C ~ 85°C (TA)             |
| Mounting Type                | Surface Mount                 |
| Package / Case               | 4-SMD, Flat Leads             |
| Supplier Device Package      | SNT-4A                        |
|                              | Report errors?                |

### S-80128BLPF-JENTFU Guarantees

**Quality Guarantees** 

We provide 90 days warranty. \* If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

#### **Service Guarantees**

We guarantee 100% customer satisfaction. Our experienced sales team and tech support team back our services to satisfy all our customers.
