

**S-T111B30MC-OGPTFU Information**

For Reference Only

**Part Number** [S-T111B30MC-OGPTFU](#)  
**Manufacturer** SII Semiconductor Corporation  
**Category** Integrated Circuits (ICs)  
[PMIC - Voltage Regulators - Linear](#)  
**Description** IC REG LINEAR 150MA SOT23-5  
**Package** SC-74A, SOT-753

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**S-T111B30MC-OGPTFU Specifications**

|                              |                                                                                 |

| Package                      | SC-74A, SOT-753                                                                 |
| Series                       | -                                                                               |
| Output Configuration         | -                                                                               |
| Output Type                  | -                                                                               |
| Number of Regulators         | 1                                                                               |
| Voltage - Input (Max)        | -                                                                               |
| Voltage - Output (Min/Fixed) | -                                                                               |
| Voltage - Output (Max)       | -                                                                               |
| Voltage Dropout (Max)        | -                                                                               |
| Current - Output             | 150mA                                                                           |
| Current - Quiescent (Iq)     | -                                                                               |
| Current - Supply (Max)       | -                                                                               |
| PSRR                         | -                                                                               |
| Control Features             | -                                                                               |
| Protection Features          | -                                                                               |
| Operating Temperature        | -40°C ~ 85°C (TA)                                                               |
| Mounting Type                | Surface Mount                                                                   |
| Package / Case               | SC-74A, SOT-753                                                                 |
| Supplier Device Package      | SOT-23-5                                                                        |

## S-T111B30MC-OGPTFU Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## S-T111B30MC-OGPTFU Payment Methods

## S-T111B30MC-OGPTFU Shipping Methods

If you have any question about S-T111B30MC-OGPTFU, please do not hesitate to contact us!
