

**S4924-562H Information**

For Reference Only

**Part Number** [S4924-562H](#)  
**Manufacturer** API Delevan Inc.  
**Category** Inductors, Coils, Chokes  
[Fixed Inductors](#)  
**Description** FIXED IND 5.6UH 725MA 720 MOHM  
**Package** Nonstandard

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**S4924-562H Specifications**

|                           |                                                             |
|---------------------------|-------------------------------------------------------------|
| Manufacturer Part Number  | <a href="#">S4924-562H</a>                                  |
| Manufacturer              | API Delevan Inc.                                            |
| Category                  | Inductors, Coils, Chokes<br><a href="#">Fixed Inductors</a> |
| Package                   | Nonstandard                                                 |
| Series                    | S4924                                                       |
| Type                      | -                                                           |
| Material - Core           | Iron                                                        |
| Inductance                | 5.6μH                                                       |
| Tolerance                 | ±3%                                                         |
| Current Rating            | 725mA                                                       |
| Current - Saturation      | 725mA                                                       |
| Shielding                 | Shielded                                                    |
| DC Resistance (DCR)       | 720 mOhm Max                                                |
| Q @ Freq                  | 44 @ 7.9MHz                                                 |
| Frequency - Self Resonant | 65MHz                                                       |
| Ratings                   | -                                                           |
| Operating Temperature     | -55°C ~ 125°C                                               |
| Frequency - Test          | 7.9MHz                                                      |
| Features                  | -                                                           |
| Mounting Type             | Surface Mount                                               |
| Package / Case            | Nonstandard                                                 |
| Supplier Device Package   | -                                                           |
| Size / Dimension          | 0.520" L x 0.250" W (13.21mm x 6.35mm)                      |

Height - Seated (Max)

0.230" (5.84mm)

## S4924-562H Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## S4924-562H Payment Methods

## S4924-562H Shipping Methods

If you have any question about S4924-562H, please do not hesitate to contact us!
