### **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

# SI-60088-F Specifications

| Manufacturer Part Number | SI-60088-F                                |
|--------------------------|---|
| Manufacturer             | Stewart Connector                         |
| Category                 | Connectors, Interconnects                 |
|                          | Modular Connectors - Jacks With Magnetics |
| Package                  | -   |
| Series                   | MagJack? ST SI-60000                      |
| Connector Type           | RJ45                                      |
| Number of Ports          | 8   |
| Number of Rows           | 1   |
| Applications             | 10/100/1000 Base-T                        |
| Mounting Type            | Through Hole                              |
| Orientation              | 90° Angle (Right)                         |
| Termination              | Solder                                    |
| Height Above Board       | 0.589" (14.97mm)                          |
| LED Color                | Does Not Contain LED                      |
| Number of Cores per Jack | 3   |
| Shielding                | Shielded, EMI Finger                      |
| Features                 | Board Guide                               |
| Tab Direction            | Down                                      |
| Contact Material         | Copper Alloy                              |
| Contact Finish           | Gold                                      |
| Operating Temperature    | -   |
|                          | Report errors?                            |
