

# SPP07N60C3HKSA1

### SPP07N60C3HKSA1 Information

|                    | Part Number  | SPP07N60C3HKSA1   |     |   |
|--------------------|--------------|---|-----|---|
| -                  | Manufacturer | Infineon Technologies   |     | L |
| www.heiseper.com   | Category     | Discrete Semiconductor Products<br>Transistors - FETs, MOSFETs - Single |     | ľ |
|                    | Description  | MOSFET N-CH 650V TO-220AB   |     | ł |
| 11                 | Package      | TO-220-3  | Ē   | 1 |
| -                  |              | For the pricing/inventory/lead time, please contact us                  |     |   |
| For Reference Only |              | Website: https://www.heisener.com<br>E-mail: salesdept@heisener.com     | Req | u |

## **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

# SPP07N60C3HKSA1 Specifications

| Manufacturer Part Number               | SPP07N60C3HKSA1                      |
|--|--------------------------------------|
| Manufacturer                           | Infineon Technologies                |
| Category                               | Discrete Semiconductor Products      |
|  | Transistors - FETs, MOSFETs - Single |
| Package                                | TO-220-3                             |
| Series                                 | CoolMOS?                             |
| FET Type                               | N-Channel                            |
| Technology                             | MOSFET (Metal Oxide)                 |
| Drain to Source Voltage (Vdss)         | 650V                                 |
| Current - Continuous Drain (Id) @ 25°C | 7.3A (Tc)                            |
| Drive Voltage (Max Rds On, Min Rds On) | 10V                                  |
| Vgs(th) (Max) @ Id                     | 3.9V @ 350µA                         |
| Gate Charge (Qg) (Max) @ Vgs           | 27nC @ 10V                           |
| Input Capacitance (Ciss) (Max) @ Vds   | 790pF @ 25V                          |
| Vgs (Max)                              | $\pm 20 V$                           |
| FET Feature                            | -                                    |
| Power Dissipation (Max)                | 83W (Tc)                             |
| Rds On (Max) @ Id, Vgs                 | 600 mOhm @ 4.6A, 10V                 |
| Operating Temperature                  | -55°C ~ 150°C (TJ)                   |
| Mounting Type                          | Through Hole                         |
| Supplier Device Package                | PG-TO-220-3                          |
| Package / Case                         | TO-220-3                             |
|  | Report errors?                       |

#### SPP07N60C3HKSA1 Guarantees

**Quality Guarantees** 

We provide 90 days warranty. \* If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

#### **Service Guarantees**

We guarantee 100% customer satisfaction. Our experienced sales team and tech support team back our services to satisfy all our customers.
