

**SSCSSNN015PG6A5 Information**

For Reference Only

**Part Number** [SSCSSNN015PG6A5](#)  
**Manufacturer** Honeywell Sensing and Productivity Solutions  
**Category** Sensors, Transducers  
[Pressure Sensors, Transducers](#)  
**Description** BRD MNT PRESSURE SENSORS  
**Package** 4-SIP Module  
 For the pricing/inventory/lead time, please contact us

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**SSCSSNN015PG6A5 Specifications**

|                          |                                                                       |
|--------------------------|-----------------------------------------------------------------------|
| Manufacturer Part Number | <a href="#">SSCSSNN015PG6A5</a>                                       |
| Manufacturer             | Honeywell Sensing and Productivity Solutions                          |
| Category                 | Sensors, Transducers<br><a href="#">Pressure Sensors, Transducers</a> |
| Package                  | 4-SIP Module                                                          |
| Series                   | TruStability? SSC                                                     |
| Pressure Type            | Vented Gauge                                                          |
| Operating Pressure       | 15 PSI (103.42 kPa)                                                   |
| Output Type              | I2C                                                                   |
| Output                   | 12 b                                                                  |
| Accuracy                 | ±0.25%                                                                |
| Voltage - Supply         | 4.75 V ~ 5.25 V                                                       |
| Port Size                | -                                                                     |
| Port Style               | No Port                                                               |
| Features                 | Amplified Output, Temperature Compensated                             |
| Termination Style        | PC Pin                                                                |
| Maximum Pressure         | 30 PSI (206.84 kPa)                                                   |
| Operating Temperature    | -40°C ~ 85°C                                                          |
| Package / Case           | 4-SIP Module                                                          |
| Supplier Device Package  | 4-SIP                                                                 |

## SSCSSN015PG6A5 Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## SSCSSN015PG6A5 Payment Methods

## SSCSSN015PG6A5 Shipping Methods

If you have any question about SSCSSN015PG6A5, please do not hesitate to contact us!
