

**STFILED524 Information**

For Reference Only

**Part Number** [STFILED524](#)  
**Manufacturer** STMicroelectronics  
**Category** Discrete Semiconductor Products  
[Transistors - FETs, MOSFETs - Single](#)  
**Description** MOSFET N-CH 525V 4A I2PAK  
**Package** TO-262-3 Full Pack, I2Pak  
 For the pricing/inventory/lead time, please contact us

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**STFILED524 Specifications**

|                                        |                                                                                         |

| FET Type                               | N-Channel                                                                               |
| Technology                             | MOSFET (Metal Oxide)                                                                    |
| Drain to Source Voltage (Vdss)         | 525V                                                                                    |
| Current - Continuous Drain (Id) @ 25°C | 4A (Tc)                                                                                 |
| Drive Voltage (Max Rds On, Min Rds On) | 10V                                                                                     |
| Vgs(th) (Max) @ Id                     | 4.5V @ 50µA                                                                             |
| Gate Charge (Qg) (Max) @ Vgs           | 12nC @ 10V                                                                              |
| Input Capacitance (Ciss) (Max) @ Vds   | 340pF @ 100V                                                                            |
| Vgs (Max)                              | ±30V                                                                                    |
| FET Feature                            | -                                                                                       |
| Power Dissipation (Max)                | 20W (Tc)                                                                                |
| Rds On (Max) @ Id, Vgs                 | 2.6 Ohm @ 2.2A, 10V                                                                     |
| Operating Temperature                  | -55°C ~ 150°C (TJ)                                                                      |
| Mounting Type                          | Through Hole                                                                            |
| Supplier Device Package                | I2PAKFP (TO-281)                                                                        |
| Package / Case                         | TO-262-3 Full Pack, I2Pak                                                               |

## STFILED524 Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## STFILED524 Payment Methods

## STFILED524 Shipping Methods

If you have any question about STFILED524, please do not hesitate to contact us!
