

# SY10EP52VKG

#### SY10EP52VKG Information

| www.hersener.com   | Part Number  | SY10EP52VKG   |                 |
|--------------------|--------------|---|-----------------|
|                    | Manufacturer | Microchip Technology  |                 |
|                    | Category     | Integrated Circuits (ICs)<br>Logic - Flip Flops                     |                 |
|                    | Description  | IC D-TYPE POS/NEG 8MSOP   | CONCERT.        |
|                    | Package      | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                              | - HACGERE       |
|                    |              | For the pricing/inventory/lead time, please contact us              |                 |

## **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

### SY10EP52VKG Specifications

| Manufacturer Part Number          | SY10EP52VKG                            |
|-----------------------------------|--|
| Manufacturer                      | Microchip Technology                   |
| Category                          | Integrated Circuits (ICs)              |
|                                   | Logic - Flip Flops                     |
| Package                           | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width) |
| Series                            | 10EP                                   |
| Function                          | Standard                               |
| Туре                              | D-Type                                 |
| Output Type                       | Differential                           |
| Number of Elements                | 1                                      |
| Number of Bits per Element        | 1                                      |
| Clock Frequency                   | 4GHz                                   |
| Max Propagation Delay @ V, Max CL | -                                      |
| Trigger Type                      | Positive, Negative                     |
| Current - Output High, Low        | -                                      |
| Voltage - Supply                  | -3 V ~ -5.5 V                          |
| Current - Quiescent (Iq)          | 47mA                                   |
| Input Capacitance                 | -                                      |
| Operating Temperature             | -40°C ~ 85°C (TA)                      |
| Mounting Type                     | Surface Mount                          |
| Package / Case                    | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width) |
|                                   | Report errors                          |

#### SY10EP52VKG Guarantees

Quality Guarantees

We provide 90 days warranty. \* If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

#### **Service Guarantees**

We guarantee 100% customer satisfaction. Our experienced sales team and tech support team back our services to satisfy all our customers.

#### SY10EP52VKG Payment Methods

If you have any question about SY10EP52VKG, please do not hesitate to contact us! Website: https://www.heisener.com E-mail: salesdept@heisener.com
