

**TL343IDBVRG4 Information**

For Reference Only

**Part Number** [TL343IDBVRG4](#)  
**Manufacturer** Texas Instruments  
**Category** Integrated Circuits (ICs)  
[Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps](#)  
**Description** IC OPAMP GP 1MHZ SOT23-5  
**Package** SC-74A, SOT-753

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**TL343IDBVRG4 Specifications**

|                                   |                                                                                                          |

| Amplifier Type                    | General Purpose                                                                                          |
| Number of Circuits                | 1                                                                                                        |
| Output Type                       | -                                                                                                        |
| Slew Rate                         | 1 V/μs                                                                                                   |
| Gain Bandwidth Product            | 1MHz                                                                                                     |
| -3db Bandwidth                    | -                                                                                                        |
| Current - Input Bias              | 200nA                                                                                                    |
| Voltage - Input Offset            | 2mV                                                                                                      |
| Current - Supply                  | 700μA                                                                                                    |
| Current - Output / Channel        | 30mA                                                                                                     |
| Voltage - Supply, Single/Dual (±) | 3 V ~ 30 V, ±1.5 V ~ 15 V                                                                                |
| Operating Temperature             | -40°C ~ 125°C                                                                                            |
| Mounting Type                     | Surface Mount                                                                                            |
| Package / Case                    | SC-74A, SOT-753                                                                                          |
| Supplier Device Package           | SOT-23-5                                                                                                 |

## TL343IDBVRG4 Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## TL343IDBVRG4 Payment Methods

## TL343IDBVRG4 Shipping Methods

If you have any question about TL343IDBVRG4, please do not hesitate to contact us!
