

**TSB7192AIYST Information**

For Reference Only

**Part Number** [TSB7192AIYST](#)  
**Manufacturer** STMicroelectronics  
**Category** Integrated Circuits (ICs)  
[Linear - Amplifiers - Instrumentation, OP Amps, Buffer Amps](#)  
**Description** IC OPAMP GP 2 CIRCUIT 8MINISO  
**Package** 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)

**Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

**TSB7192AIYST Specifications**

|                                         |                                                                                                          |

| Series                                  | Automotive, AEC-Q100                                                                                     |
| Amplifier Type                          | General Purpose                                                                                          |
| Number of Circuits                      | 2                                                                                                        |
| Output Type                             | Rail-to-Rail                                                                                             |
| Slew Rate                               | 12V/ $\mu$ s                                                                                             |
| Gain Bandwidth Product                  | 22MHz                                                                                                    |
| -3db Bandwidth                          | -                                                                                                        |
| Current - Input Bias                    | -                                                                                                        |
| Voltage - Input Offset                  | -                                                                                                        |
| Current - Supply                        | 1.8mA                                                                                                    |
| Current - Output / Channel              | 50mA                                                                                                     |
| Voltage - Supply, Single/Dual ( $\pm$ ) | 2.7V ~ 36V, $\pm$ 1.35V ~ 18V                                                                            |
| Operating Temperature                   | -40°C ~ 125°C                                                                                            |
| Mounting Type                           | Surface Mount                                                                                            |
| Package / Case                          | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                                                                   |
| Supplier Device Package                 | 8-MiniSO                                                                                                 |

## TSB7192AIYST Guarantees

### Quality Guarantees

We provide 90 days warranty. \*

If the items you received were not in perfect quality, we would be responsible for your refund or replacement, but the items must be returned in their original condition.

### Service Guarantees

We guarantee 100% customer satisfaction.

Our experienced sales team and tech support team back our services to satisfy all our customers.

## TSB7192AIYST Payment Methods

## TSB7192AIYST Shipping Methods

If you have any question about TSB7192AIYST, please do not hesitate to contact us!
