## **Certified Quality**

Heisener's commitment to quality has shaped our processes for sourcing, testing, shipping, and every step in between. This foundation underlies each component we sell.

## **VE-JTM-CX-B1** Specifications

| Manufacturer Part Number | VE-JTM-CX-B1                                           |  |  |  |
|--------------------------|--------------------------------------------------------|--|--|--|
| Manufacturer             | Vicor Corporation                                      |  |  |  |
| Category                 | Power Supplies - Board Mount                           |  |  |  |
|                          | DC DC Converters                                       |  |  |  |
| Package                  | Half Brick                                             |  |  |  |
| Series                   | VE-J00                                                 |  |  |  |
| Туре                     | Isolated Module                                        |  |  |  |
| Number of Outputs        | 1                                                      |  |  |  |
| Voltage - Input (Min)    | 66V                                                    |  |  |  |
| Voltage - Input (Max)    | 160V                                                   |  |  |  |
| Voltage - Output 1       | 10V                                                    |  |  |  |
| Voltage - Output 2       | -                                                      |  |  |  |
| Voltage - Output 3       | -                                                      |  |  |  |
| Voltage - Output 4       | -                                                      |  |  |  |
| Current - Output (Max)   | 7.5A                                                   |  |  |  |
| Power (Watts)            | 75W                                                    |  |  |  |
| Voltage - Isolation      | 3kV (3000V)                                            |  |  |  |
| Applications             | ITE (Commercial)                                       |  |  |  |
| Features                 | OCP, SCP                                               |  |  |  |
| Operating Temperature    | -25°C ~ 100°C                                          |  |  |  |
| Efficiency               | 90%                                                    |  |  |  |
| Mounting Type            | Through Hole                                           |  |  |  |
| Package / Case           | Half Brick                                             |  |  |  |
| Size / Dimension         | 2.36" L x 2.28" W x 1.08" H (59.9mm x 57.9mm x 27.4mm) |  |  |  |
|                          |                                                        |  |  |  |

| Supplier Device Packa         | ge                                                                                                                                                                                                                                           | -                                     |            |             |                            |                    |
